IN WAR MUDDLE"Only God Saved Us," Said  
Admiral to Committee.Vital News Tea-Table Talk  
Before He Got It.Reveals Fear of German At-  
tack on Our Convoys.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 15.—An unpublished story of war-time anxiety in London and Washington last night, when the navy department was told that the German navy was planning to attack our convoys, was disclosed today to the Senate Naval Investigating Committee by Rear-Admiral Sims.

Messages exchanged by Admiral Sims, chief of operations, and Admiral Sims in July, 1918, were presented by the latter to correct "implications" which he said Secretary Daniels had made in a committee that "general plans and policies were none of my business."

Included in plans formed by the Navy Department to meet such raids and rejected by Admiral Sims as "impractical" was a proposal to call on Japan for a battle cruiser division to serve with the American Atlantic Fleet.

In his first statement to the committee, Admiral Sims said the complaints he had to make were directed largely to the first six or eight months of the war. When today he began discussion of events that occurred in the summer of 1918, he said he did so because Mr. Daniels, in a statement, had implied Admiral Sims' post in London was "purely a local one."

"The statement was inaccurate," Admiral Sims said.

In the spring of 1918, he said, when the submarine menace had become so serious, naval officials in London became apprehensive that the Germans might, as a last venture, send out battle cruisers in the hope of destroying an American convoy. That this apprehension was felt also at the Navy Department, he said, was demonstrated by this cablegram from Admiral Benson:

"As last hope German battle cruisers may be sent out to completely destroy one of our large troop convoys. We depend upon you to gain and give information on this point and Grand Fleet to take necessary action until United States could act."

In reply Admiral Sims said he called that everything possible would be done to intercept raiding German cruisers, but that there would not be any guarantee that they would not reach the open Atlantic. He advised guarding convoys with destroyers.

Despite this, he said, the Navy Department on July 10 outlined a plan of its own to meet such raids, predicated, he added, on the "false premise" that advance warning would be given. The plan consisted of placing one division of American battleships at Queenstown, Ireland, to cover the Eastern Atlantic; another to be held at home ready to cover the Western Atlantic; and a division of Japanese battle cruisers to be stationed with the Atlantic Fleet to pursue and sink raiders.

PLAN IMPRACTICABLE.

"The plan was impracticable for a number of reasons," Admiral Sims declared. "It was eventually abandoned, and for it was substituted a plan substantially the same as previously recommended by me."

"Good luck" was with the department, he insisted, as the enemy had advanced information of the sailing of convoys and destroyers through the department's use of an old and unsound code. Data regarding the first convoy was thus obtained by the enemy, he said, and the transports De Kalb and Savannah, carrying thousands of troops, narrowly escaped destruction.

Admiral Sims said he had "implied" the department to for British admiralty codes in sending news of convoy movements, but without avail. The success of the Allies in "breaking" enemy codes and deciphering the messages was "astounding," he added, and he had assumed that the enemy was equally successful, although actually, it was later learned, the Germans did not have great success in breaking Allied codes.

Vital facts regarding American operations were discussed at social gatherings, he said, either by or Gen. Pershing knew them, the admiral said. In some cases, he added, he had had to go to France from New York in business cases.

Admiral Sims said the department's plan by many cables insisting that it be given a trial and that it was not abandoned until months after it was first suggested. A raid in the North Sea, he added, would have found the United States without a practical working plan to meet it.

Only the fact that "God was with us," saved early troop ship convoys from being torpedoed, Admiral Sims declared.

The House subcommittee completed today its draft of the naval appropriation bill carrying \$1,000,000 for a training station, \$1,000,000 for a warehouse, and \$750,000 for a marine railway at that point for further development of the San Diego marine corps base also was provided.

OAKLAND POLICE IN GUN BATTLE.

(BY A. P. NIGHT WIRE.)

OAKLAND, March 15.—Peter Novak, aged 16, and Santos Oniva, shot in a gun battle last night with the police when their auto, which the police say was stolen, overturned, were not seriously hurt. Novak was shot in the leg, Oniva in the arm. Forty shots were fired. The men dual ran into a pole, wrecked the machine and were captured.

You Can Stop That Cough.

Do not imagine that because you have tried various remedies without any permanent benefit that your cough is incurable. Bear in mind that Chamberlain's Cough Remedy has cured others, lots of them; why not you? Read what Mrs. J. L. Jones, New Kensington, Pa., says in a letter to me: "About a year ago I contracted a severe cold that settled on my lungs and caused a terrible dry, hacking cough that alarmed as well as annoyed me. Upon the advice of a druggist I bought a bottle of Chamberlain's Cough Remedy and it relieved me almost immediately."—[Advertisement.]

LONDON, March 15.—The British government has made representations to the Netherlands regarding the former Kaiser, it was learned tonight. It is intimated that the Allies will hold the Dutch government responsible for the movements of William in connection with the revolution in Germany.

Advice from Amsterdam say that Holland has taken extra precautions to prevent the one-time war lord from returning to Germany, and that additional Dutch troops have been thrown about his castle at Amerongen.

That despite the revolution President Ebert still enjoys a large measure of support at the moment of extreme peril is apparent from the promises throughout the country of workers of Frankfurt, the steel workers of Hamburg, the iron workers of Frankfurt and other unions throughout the country, who have thrown down their tools at his appeal. Great labor demonstrations were held in all parts of the country today, and the workers, especially in the industrial regions of the West and Southwest Germany, pledged their support to the old regime.

London refuses to accept the statement of the new government that it is not reactionary or monarchist, for all those associated with the coup have been identified with the Pan-German party. A report from Paris indicates that the French consider the movement inspired by the old militarist party and that the government thoroughly reactionary.

REVOLT PRUSSIAN-MADE.

The French think it will be necessary to make a show of force, and revise the recent policy which the Allies have followed in their relations with Germany. Out of the rumors of a revolution, which seems clear—that the revolution is finding its chief support in Prussia, and that the remainder of the country either is neutral or hostile, there is why Berlin dispatches must be read with the greatest reserve. A counter-revolution is bound to follow if Prussia is the only supporter of the movement.

The French government will insist on a strong Allied policy toward Germany in the present crisis, it was said confidentially here today.

If the new German revolution succeeds, Gen. Ludendorff will emerge with much of the power he enjoyed in the winter and spring of 1917-1918, in the opinion of observers here. On the other hand if the revolution is suppressed, Ludendorff's attempt to overthrow him will be thoroughly discredited and never again will rise to a position of authority in Germany.

**It Seems Foolish**  
 Every time I think of what these lots have cost, what it would cost to manufacture them today, and the prices at which I know they will be demanded soon, it seems foolish that I should spend any time or effort to sell them at the very low prices I am asking now.  
 My business, however, is not holding lots for investment or speculation, to reap the increase in price. I am a manufacturer of lots. I must turn over my product at the market price and keep going. I cannot shut down and hold what I have because the price is going up nor clog my warehouse with unsold goods. I have other large holdings to develop and I must proceed with my business which is manufacturing high-grade residence lots.  
 Otherwise I would not sell another lot at present prices. I would simply hold them until buyers asked the privilege of paying considerably higher prices than I am selling them for now, which they soon would do.  
 Professional builders have been timid about branching out lately because of the skyrocketing and uncertain prices for materials. The materials market has gone over the peak and is now going down the other side. While prices will not return to former levels, the chances are in favor of, instead of against, the buyer of materials, and a wider and more stabilized condition will increase building activity.  
 Real estate has gone up some, but has remained comparatively stable. It is becoming very much harder now to secure desirable lots at or near former prices. Real estate goes up last but advances steadily and does not go back. Professional builders and individual home builders have an opportunity to secure good lots now in New Vermont Square. Every remaining lot would sell very quickly if we could make everyone understand the situation.  
 We invite you to consider this information as though it were some-thing you know the value of and had paid for. Then come to the office and talk it over. You will talk with the owner and not be bothered.

 PROTEST TO CONGRESS.  
 SAN FRANCISCO, March 15.—Appeals that they introduce into Congress measures penalizing rent profiteering were sent to U. S. Senator Phelan and other California members of Congress today by the Tenants' Protective Association of San Francisco.  
 "We are helpless without such legislation as there are no State or Federal statutes aimed at rent profiteering," the message said.  
 The Board of Supervisors is to conduct a third hearing into the matter of high rents here Thursday.

**SOVIET GERMAN JUNKERS' ALLY.**  
 General Staff Officers Stationed at Moscow.  
 Believed Trotsky, Monarchists Have Joined Hands.  
 Turk Situation Ruse to Divert the Entente.

**WASHINGTON, March 15.**—Officials know that the German general staff has been maintaining an echelon of officers in Moscow for some time and there is no doubt here that these officials have been at work on military plans for the soviet leaders.  
 Trotsky, it is believed, has been getting credit for strategic successes won with German staff advice. It is believed here that the soviet is linked up with negotiations between German militaristic and monarchist reactionaries and Lenin and Trotsky with a view to joint alliance between Germany and soviet Russia.

**TURK SITUATION TIMED.**  
 The present serious aspect of the Turkish situation is believed in well-informed circles here to be the result of actions timed to synchronize with the German revolution. The effect of the Turkish developments has been to divert the attention of the Allies toward the Near East at a time when the military situation on the west front would be affected by internal conditions in Germany.  
 Enver Pasha is known to have been in Berlin recently in conference with German leaders. He has been active in promoting Armenian massacres and in planning the spread of the Pan-Turanian movement of the Turkish nationalists. During the World War he was the main link between Berlin and Constantinople. Whether he is yet in Berlin is not known, but his recent presence there has been definitely established, and is regarded as having an important bearing on developments in Asia Minor.

**NEW TREATY IS AIM.**  
 The coup d'etat at Berlin is merely the act that marks the culmination of intrigue that had been laying deep plans in Germany for some time. It is an effort of the Junkers to gain control of the German government, first with a view to reviving the Entente to a re-making of the treaty along lines more satisfactory to Germany, and second, with a view, looking farther into the future, to making an alliance with soviet Russia for their own separate ends. Information reaching Washington convinces officials that the Junkers and reactionary element in Germany has been seeking such an understanding with soviet Russia, first with a view to the use of Russian resources industrially, and ultimately with a view to the use of Russian man power in a military combination against the Entente.

**FIND BODY OF MAID**  
 VICTIM OF ASSAULT.  
 NINETEEN - YEAR - OLD GIRL CAME TO AMERICA FROM SWEDEN 3 MONTHS AGO.  
 OAKLAND, March 15.—The body of a 19-year-old girl, employed by Willard Brown, a Piedmont capitalist, was found strangled to death in a vacant lot in the midst of the most fashionable part of Piedmont this morning. The girl apparently had made a desperate fight for her life. The police are seeking her assailant. The man's handkerchief held tightly in her hand, the only clue upon which to begin the search.  
 She had been here but three months from Sweden. An aunt with whom she was employed for a time at the Brown home had recently returned to that country so that the girl was without relatives here. The coroner in which the girl's body was found indicated that criminal assault had been attempted by her murderer.

 "This circular letter seemed to the trustees to have the purpose of assuring the field that the fundamentals of Christian Science had not been involved in the litigation in question or affected by the master's decision. With this view and purpose the trustees were in agreement. They therefore decided to publish this letter, although in certain aspects it violated the rule, which the trustees had adopted, that the organ of the Mother Church should not be used for comments of any of the kind."  
 Interested parties in pending litigation received from Mr. McKenzle a communication to the effect that he had ordered the presses stopped and had selected for publication only the directors' letter addressed to the members of the Mother Church.  
 "It was then found that Mr. McKenzle, without the authority or even the knowledge of the trustees, had ordered the presses stopped at 8 o'clock. By order of the trustees the presses were immediately set in motion."

 Angelinos Have not Forced Policy Change, He Says.  
 Christian Scientists' Fight Facts are Presented.

**BOSTON, March 15.**—David B. Ogden, secretary of the board of trustees of the Christian Science Publishing Society, has made a statement relative to the internal dissensions of the Mother Church, with the avowed intention of seeking to combat the so-called prevailing propaganda, which has been widely circulated, to the effect that the action of the Los Angeles Scientists in canceling their subscriptions to the church publications had a country-wide influence upon their circulation, and made a change of policy necessary.

MILLERAND ASKS  
TIME TO PAY US.

France Seeks Neither Charity  
 Nor Cancellation.

Present Exchange Rate More  
 than Doubles Debt.

Willing to Export, but Must  
 Manufacture First.

(BY CABLE AND ASSOCIATED PRESS.)  
 PARIS, March 15.—Premier Mil-  
 lerand today put aside the German  
 crisis long enough to discuss rela-  
 tions between France and the  
 United States, and conditions of in-  
 ternational credit. He said to a  
 representative of the Associated  
 Press:

"France and the United States  
 must continue the close friendship  
 which always has been maintained.  
 No festering misunderstandings are  
 to be allowed to trouble their rela-  
 tions. The sooner misconceptions are  
 dispelled the better."

"It appears to me an opportu-  
 nity to recall to our friend, the  
 United States, that France is not  
 asking for charity. The greater  
 part of the money France borrowed  
 abroad was spent in the common in-  
 terest of all civilized countries—a  
 fact which must form the basis of  
 a claim for special consideration, but  
 such is not our intention."

WE DON'T WANT TO PAY.  
 "We don't request cancellation of  
 our debts. We only ask time to  
 breathe and to recover our strength  
 after four and a half years of ex-  
 hausting war. Our propositions are  
 those which any debtor would feel  
 right in making in the interest of  
 both himself and his creditors."

The Premier referred to the  
 ruinous situation in exchange,  
 which he held would be aggravated  
 rather than palliated through mea-  
 sures proposed to France by those  
 not taking sufficient account of in-  
 terior conditions.

"If France is obliged to meet  
 her obligations abroad at present  
 rate of exchange she would be  
 forced to pay two and a half times  
 what she owes," he continued.

"Thus, after spending for the com-  
 mon good \$30,000,000,000 France  
 would have to pay 45,000,000,000  
 francs as France's premium to those  
 same friends."

"We have given our blood, we have  
 given our money. To ask us now to  
 give more than half the value of what  
 we have given is an anomaly that cannot fail to strike  
 the most impartial judges."

WE DON'T UNDERSTAND.  
 After mentioning the suggestion

IMPORT DANISH GIRLS;  
SHORT DOMESTIC HELP.

(BY A. P. NIGHT WIRE.)  
 NEW YORK, March 15.—The  
 shortage of domestic servants can  
 be solved in part by importation  
 of hundreds of trained girls now out  
 of work in Denmark, Byron Uhl,  
 acting immigration commissioner,  
 was informed today by C. E. Lexow,  
 commissioner of records here.

Mr. Lexow said he had received  
 information that it was not a viola-  
 tion of the alien contract labor law  
 to hire girls abroad and bring them  
 to this country.

## WEDDING GIFTS THIEF'S LOOT.

Baseball Magnate and Bride  
Suffer Heavy Loss.

Other Guests Plundered at  
Paso Robles Hotel.

Muehlebach Threatens Suit  
Against Hostelry.

Their loss by a hotel robbery at  
Paso Robles of jewelry and wedding  
gifts valued at over \$20,000 was made  
known here yesterday by Mr. and  
Mrs. Carl Muehlebach, of Kansas  
City, on their return from their honeymoon  
at that place. At the same  
time other guests lost jewelry worth  
about \$10,000 and \$500 in cash. The  
suspect is a hotel clerk, formerly of  
this city, who disappeared simultane-  
ously with the departure of the  
valuable from the hotel safe.

Mr. and Mrs. Muehlebach were  
married in this city about two  
months ago. Mrs. Muehlebach was  
formerly Miss Hazel Kathleen Foster,  
of the Kansas City baseball team,  
owner of the Muehlebach Hotel in  
Kansas City and was a nationally  
known brewer prior to the advent of  
prohibition.

Mrs. Muehlebach lost the mag-  
nificent strand of 120 matched pearls  
which she wore at her wedding at the  
Alexandria, here, and which were  
given to her on her sixteenth  
birthday. She also lost a bracelet  
set with forty-nine diamonds, a ring  
with square-cut diamonds, a ring  
with pear-shaped diamonds, a center  
group and valued at several  
thousand dollars, and other pieces.

Other jewelry was lost by a Mrs.  
Porter, wife of a San Francisco  
physician, and a Mrs. Hobson of  
San Jose. The robbery occurred a  
few days before Mr. and Mrs.  
Muehlebach left Paso Robles, where  
they went for their honeymoon.

Private detectives were en-  
gaged but no trace of the suspect  
has been found. He produced, and  
Mrs. Muehlebach declares, was  
without references and with but a  
few articles of clothing when he  
was arrested.

Mr. Muehlebach said that no  
satisfactory settlement with the hotel  
could be agreed upon and that he  
will file suit to recover the  
value of the jewelry.

Mr. and Mrs. Muehlebach are at  
the Alexandria.

Robbed of \$20,000 in jewelry on their honeymoon. One of the articles  
stolen was the magnificent pearl necklace shown in the photograph.  
The latter was made on the occasion of her marriage at the Alexan-  
dria here to the Kansas City millionaire.

dicalism, believed in the soviet form  
of government, was made yesterday  
during the testimony of E. H. Bag-  
ley, in charge of the Soldiers and  
Sailors Replacement Bureau of the  
City Hall.

Mr. Bagley was asked by  
Deputy District Attorney Stafford  
what he knew of Flowers' political  
views, and he testified that he had  
heard Flowers say that he was a  
"Dugout," the reputed soviet  
magazine, to the witness's office,  
July 12, 1919.

Mr. Bagley said that Flowers was  
insistent that a speech he had  
made in Burbank Hall had been  
taken down and turned over to the  
authorities at Washington. Mr.  
Bagley denied this.

"Did he try to convert you to the soviet  
form of government?" asked Mr.  
Stafford.

"He did."

"Did he say anything about the  
execution of the soviet form of  
government?" asked Mr. Stafford.

"He said that the soviet form of  
government was a valid form of  
government."

The entire substance of his con-  
versation was to impress me with the  
fact that I was asleep and was not  
mindful of this great wave of Bol-  
shevism and sovietism that was  
sweeping the world. As it had spread  
in Russia, it would sweep the States.  
If I had any ambition at all, I  
would get into the bandwagon and  
ride quickly."

"And he was a Bolshevik, too?"

"Yes, I told him I could not see  
it that way."

Mr. Bagley also said that Flowers  
stated that he had borne arms once  
and would not bear arms again for  
the Allies.

## WINS ONCE; NOW CLUB'S LOSER.

Wants Satisfied with Money  
Basis; Asked Injunction;  
Now It Gets Neither.

It is often well to let well  
enough alone. This the San  
Gabriel Valley Country Club  
learned by a decision of the  
State Supreme Court yester-  
day.

The club brought an action  
against the county of Los An-  
geles for damages to its prop-  
erty by reason of a storm  
drain built and maintained by  
the county. The plaintiffs, in  
addition to money damages,  
asked an injunction against  
the future operation and  
maintenance of the storm  
drain.

The issue was tried out in  
the lower courts and the club  
got substantial damages on  
account of the overflow of the  
water, but the injunction was  
denied.

Both parties to the suit ap-  
pealed and the Supreme Court  
yesterday decided that the  
club is entitled to neither the  
damages nor the injunction.

"He did."

"Did he say anything about the  
execution of the soviet form of  
government?" asked Mr. Stafford.

"He said that the soviet form of  
government was a valid form of  
government."

The entire substance of his con-  
versation was to impress me with the  
fact that I was asleep and was not

## SEES NATIONS TIE IN FILMS.

London Editor Here to Study the Picture Industry.

View California Sunshine on Screen in Foggy England.

Learning Americans' Mode of Life and Customs.

The development of more friendly relations between the English-speaking races of the world through the medium of motion pictures is advocated by W. G. Faulkner, editor of the London Evening News and personal representative of Lord Northcliffe in America, who is here investigating the motion-picture industry. With Mr. Faulkner is Arthur Levey, an exporter of films, who is engaged in the organization of the Anglo-American Unity League.

"Ninety per cent. of the pictures shown in England are American made," said Mr. Faulkner yesterday. "I understand that 80 per cent. are made in this city. Los Angeles is the 'movieopolis' of the world. It is because of this that we are here to promote closer co-operation on the part of the producers and the people of England."

"The residents of the British Isles and the dependencies are well acquainted with Los Angeles and California. They have, however, but a slight conception of the real Los Angeles. It is my belief that the boulevards and the broad country surrounding the city should play a more important part in the films. A conception of the laws of the country has been given the British public through the films. Your justice, your divorce laws, and I repeat to say, a clear of society known as the underworld, have been given such prominence that all three are known as well in England as here. The underworld plays are resented as they give the wrong idea of American life."

We wish to do something to promote a unity of ideas and ideals between the two countries. It is my opinion that the theatergoers of this country, as in England, desire the best of pictures. In our country, we receive American-made pictures with the utmost enthusiasm. When English producers are ready to export their plays to this country, I believe that they will be received by the people with equal enthusiasm if they are good."

Mr. Faulkner with Mr. Levey investigated the business side of the motion-picture industry in New York where they talked with the heads of the industry. They are now here investigating the technical part of the profession. Both the visitors will speak at the Ad Club luncheon today in the Alexandria.

## TEN MORE PHYSICIANS ASKED FOR SCHOOLS.

BUT BOARD'S MEMBERS ASSESS NEED FOR TEACHERS IS GREATER.

The Teachers' and School Committee of the Board of Education Thursday will consider a letter from Dr. J. M. Powers, Health Commissioner, asking that ten additional physicians be appointed on the school health department. Dr. Powers, in his letter, states that "at a meeting of the Health Commissioner and the Influenza Advisory Committee on March 4, a resolution was adopted urging the appointment of the extra physicians."

The extra doctors would cost about \$22,000 per year, board members say.

While none of the members of the board would discuss the letter before it had been brought before the school committee, several declared that the Board of Education has no funds to pay extra physicians. It was stated that the cost of maintaining the health department of the schools has doubled in the past four years.

One of the members of the board declared that the function of the Los Angeles schools is education, and while it is laudable to look out for the health of the children, there is greater need of more teachers than of more doctors.

It was stated that there are a great many teaching positions vacant here, and that a large number of pupils are only getting part time instruction because the board cannot afford more teachers and more schoolhouses.

## JAIL TERM IS GIVEN BOOTLEGGING JEWELER.

T. H. Liebo, a West Seventh-street jeweler, who pleaded guilty to a violation of the war-time prohibition law in taking a load of whiskey to Fullerton, where he was arrested after he had disposed of two pints, was given a 150-day and thirty days in the County Jail, by U. S. District Judge Trippet, yesterday. The jail sentence was suspended ten days.

Felix Franco, a Mexican living at Wilmington, was fined \$250 yesterday by Judge Trippet, following his plea of guilty to the charge of violating the national prohibition law. Two fifty-gallon casks of wine were found under a load of hay that Franco had on his wagon in San Pedro, at the time of his arrest.

## RENT PAYERS ASK ACTION OF COUNCIL.

Although the City Attorney has told the City Council that it has no power to regulate the prices which property owners may charge for the rental of their properties, petitions continue to be presented asking the Council to take some legislative action on the subject.

The latest is one from the Rent Payers' Association, alleging that some of the landlords are not providing proper necessities for tenants. The subject was referred to the Public Welfare Committee, and a public hearing will be held Thursday afternoon.

It is our purpose during the six days of this week to offer extraordinary opportunities for economy. We have made extra exertion to lighten the burden of everyday expenses for the people who patronize this store. The merchants of the country have been searched for every price advantage we could obtain. Do the people of Los Angeles really want to cut the "cost of living"—if they do this is indeed their opportunity.

This is not to be a clean-up of odds and ends—the merchandise is all new, merchandise that is in demand right now though many of the lots are necessarily limited and may not even last throughout the day for which they are advertised. Each day is to have its own quota of bargains. The items that appear here will be on sale Tuesday. Watch the papers for Wednesday's, Thursday's, Friday's and Saturday's opportunities.

## SOCIETY.

BY VIRGINIA WOODS.

For Rear-Admiral and Mrs. Williams.  
Society is anticipating the tea-  
dant which Dr. (Capt.) John  
Hoe Iden, Rear surgeon, and Mrs.  
Iden are to give on Friday after-  
noon from 4 until 6 o'clock, in honor  
of Rear-Admiral and Mrs. Williams.  
During Admiral Rodman's absence,  
Admiral Williams is in command of  
the Pacific Fleet.

The function is to be held at the  
Hotel Virginia, and there are to be  
125 guests. So far it is expected to  
be the most elaborate and most in-  
teresting social affair planned for  
the week. A large number of Los An-  
geles society folk and members of  
the navy set are to be there. Ad-  
miral and Mrs. Williams are guests  
of Mrs. Madison W. Stewart on West  
Adams street.

By Mrs. Sloan-Orcutt.  
Mrs. Sloan-Orcutt and her moth-  
er, Mrs. Elizabeth M. Sloan, have moved  
into their new home at 343 South  
Oxford avenue. Mrs. Orcutt is plan-  
ning to give a large tea in the near  
future. She is just recovering from  
a severe illness.

Capt. and Mrs. Shackford.  
Capt. and Mrs. Shackford are  
planning to give a dinner-  
dance at the Midwick Country Club  
on the evening of Saturday, March  
28.

By Mrs. Hoyt.

entertain a company at luncheon on  
Wednesday, following her morning  
musical at the Valley Hunt Club.

For Miss Zucca.  
Miss Mona Zucca, whose playing  
with the Symphony Orchestra has  
delighted so many, was honor guest  
at a dinner and musical at which  
Mr. and Mrs. Joseph Zuccerman  
were hosts on Sunday evening.

The living room was decorated  
with marigolds while the table was  
centered with a big basket filled with  
mixed spring blossoms. There were  
places for the honor guest, Mrs. M.  
Gobert, Mr. L. E. Behrmer, Miss  
Mary Conan Doyle, Mrs. Dr. W.  
Edelman, Mr. Hans Linde, Mr.  
and Mrs. Frank Colby, Mrs. Anna

Miss Margaret Moser, Mr. Morris  
Miss Elsie Cohn, Mr. Maurice Sto-  
los, Mr. and Mrs. William Hamil-  
ton Cline, Mr. Bert Sprotte and Mr.  
R. T. Kraft. Each guest contributed  
to the programme.

In Washington.  
Mrs. George A. Ralphs of this  
city, now in Washington with her  
young daughter, Miss Annabell  
Ralphs, who is attending National  
Park Seminary, was joint hostess  
with Mrs. R. H. Arnold at a dinner-  
dance last Friday at Wardman Park  
Inn, Washington. Their guests in-  
cluded many distinguished people,  
among whom were Congressman  
Henry Z. Osborne, Congress-  
man and Mrs. Charles H. Rea-  
nall, Congressman William Kettner,  
Col. and Mrs. P. M. Anderson, Mr.  
and Mrs. Rolfe Bolling, Mr. and  
Mrs. J. S. Stumm, Mr. Arnold, Miss Ber-  
nease Arnold, Miss Annabell Ralphs  
and Mr. Allan Nichols. Mr. Bolling  
is the brother of Mrs. Wilson, wife  
of President Wilson.

For House Guests.  
Mrs. Ben Carleton of 114 North Ox-  
ford avenue, was hostess at a jolly  
luncheon in honor of her two house  
guests, Mrs. Ann Haskell of Rock-  
land, Me., and Mrs. Helena Gifford  
of Boston. The table was centered  
with a basket of jonquils and sweet  
peas and plates set for a dozen.

By Mr. and Mrs. Hacker.  
Mr. and Mrs. W. E. Hacker of  
Chester place were hosts at a bridge  
dinner party Saturday evening at

Charming Southern Here.  
Mrs. J. S. Mulliken of San Anto-  
nio, Tex., is visiting in the home of  
her aunt, Mrs. Mary Carolyn Ord, of  
Glendale, having been called here  
because of the serious accident suf-  
fered by her aunt, a niece of the late  
Gen. Ord. Mrs. Mulliken is the wife  
of the consulting engineer of one  
of the large mining companies of  
Mexico, and during the war was  
head of the Woman's Training  
School in the army, southwestern  
division of the Red Cross. She was  
also an officer in the Woman's Motor  
Corps. She will be here indefinitely.

By Mrs. Burbach.  
Mrs. G. B. Burbach of 612 North  
Serrano avenue was hostess at a  
luncheon and bridge party Saturday  
afternoon in honor of Mrs. John  
Steele of St. Paul, who is here for  
the winter. The guests were Misses

## QUIZ IN CREAM CONCERN FIASCO

Referee Hearing Thursday for  
Former Trustee.

Effort to Learn if Marshall  
Profited Illegally.

Grand Jury Action is Delayed  
Pending Outcome.

A further hearing in the case of  
Kenneth E. Marshall, former trustee  
of the Cream Supply Company, a  
bankrupt concern, is to be held on  
Thursday before Force Parker, ref-  
eree in bankruptcy, at which time  
an effort will be made to determine  
the liability of the former trustee, if  
any, to the creditors of the company.  
Possible action by U.S. Dist. Atty.  
O'Connor and the Federal grand  
jury have been held up pending the  
outcome of the hearings before the  
referee, and Thursday's hearing, if  
Mr. O'Connor will determine what  
action is to be taken in the case.  
Marshall was removed for alleged  
mismanagement as trustee of the  
bankrupt concern several months  
ago by Referee Parker, and in closing  
up his accounts, Marshall is  
quoted as saying that he wrote out  
a check for \$5,511.15, as representing  
the cash of the bankrupt concern  
due and on hand William H. Moore,  
Jr., who succeeded Marshall as trustee  
of the Cream Supply Company, pre-  
sented the check to the First Na-  
tional Bank, and it was returned  
marked "insufficient funds." Mar-  
shall says that he believed that the  
cash would come in from various  
sources, but it did not, and he  
subsequently before the referee were  
to determine the extent of Marshall's  
liability, if any.

It was stated yesterday by officials  
that Marshall's indebtedness will be  
about \$5000, and that he is covered by  
a bond of \$15,000 held by the U.S.  
Fidelity and Guaranty Company,  
which has been represented at the  
hearings by Mr. John M. Brown.  
Marshall's friends admit that while  
as a young man he did not have  
sufficient business training to handle  
the Cream Supply Company's affairs,  
and that while he was guilty of bad  
judgment in depositing trust funds  
so personal account and in other  
phases of the bankruptcy case, they  
say that he is personally honest and  
was not guilty of intentional fraud.  
Marshall has been present at all of  
the hearings before the referee and  
has assisted in trying to unravel the  
details of his trusteeship. He says  
that he is innocent of criminal intent.

TO HEAR PROTESTS  
ON PORT PROJECT.

PROPERTY OWNERS DECLARE  
MANY OF THEM HAVE BEEN  
DISCRIMINATED AGAINST.

The City Council will meet as a  
committee of the whole at 1:30 p.m.  
today in the branch City Hall at  
San Pedro for a further hearing on  
the Second-street improvement dis-  
trict.

Property owners in the district  
are protesting against the confirma-  
tion of the assessment, claiming  
that they have been unjustly ap-  
portioned, as some properties have been  
awarded heavy damages, whereas  
properties adjoining them, and un-  
der practically the same conditions,  
have received no damage awards.  
They ask that the assessment be  
cancelled, and that the properties  
be abandoned, and state that  
while they desire the improvement,  
they desire to form a new assess-  
ment district on a larger scale.  
At the same time, the Fairchild-  
Gilmore-Wilton Company, which  
concern received the contract, is  
asking the Council to relieve it from  
fulfilling the contract, on the ground  
that the award was made long ago  
and was held up by the Capital Is-  
lands Committee and then by litigation,  
for which it was in no wise  
responsible; that the price of material  
and labor have so increased that it  
would be unjust to compel a ful-  
fillment of the contract under pre-  
sent conditions.

Members of the Council urge that  
it is practically certain that the  
property owners will not consent to  
a largely-increased price for the work  
if present proceedings are aban-  
doned, and a new contract is  
awarded, but the property owners  
declare they are willing to take this  
chance.

Yesterday the Board of Public  
Works filed for the Council's consid-  
eration today a statement of the  
costs incurred to date, showing that  
the expense of printing, advertising,  
engineering fees, assessment  
work, etc., totals \$3808.74. It has  
been customary to require the prop-  
erty owners of the district to pro-  
vide for the expenses already in-  
curred when improvements are pro-  
ceeding, but at their request.  
In this case, much of the work al-  
ready done could be utilized should  
new proceedings be instituted.

FACES A CHARGE OF  
AMMUNITION "RUNNING"

Lamberto C. Chavez, who is  
wanted in El Paso, on a charge of  
smuggling ammunition into Mexico,  
in violation of the proclamation of  
President Wilson, March 14, 1912,  
faced U. S. Commissioner Long, yester-  
day, on a removal proceeding. He  
was held in \$2000 bond and the  
hearing was set for Thursday, March  
25.

Beyond the telegraphic statement  
that Chavez is wanted on the  
charge outlined above, there is no  
information regarding the details of  
the asserted violation, other than  
that he is charged with conspiring  
with Andre H. Hlegas to violate  
the executive order.

SAYS HUSBAND CALLED  
HER COW; ASKS DECREE

Mrs. Nora Cohen, who was grant-  
ed a divorce by Judge Crall yester-  
day, did not like the expressions  
that, she said, her husband, Louis  
Cohen, used toward her when he be-  
came angry. Her daughter by a for-  
mer marriage testified that when her  
stepfather lost his temper "he  
would throw dishes, call her a cow  
and say she did not have any more  
sense than a cow."

**DENIS FIGHTS SUIT TRANSFER.**  
Doesn't Want North Island Hearing in San Diego.  
Says Spreckels Interests are Too Strong There.  
Declares He has Affidavits to Prove Contention.  
An unexpected turn was taken in U. S. District Judge Trippett's court yesterday by the suit of the government against the Coronado Beach Company, to fix the value of North Island, in San Diego Harbor, which is sought for the establishment of a permanent aviation school. When Peter Dunne of San Francisco, representing the defendant corporation, declared that if the case was transferred from the equity to the law side of the court, making necessary the trial of the issues involved by a jury instead of by the court, he would ask that the litigation be transferred to San Diego county, where the property is located, and where most of the witnesses reside. Col. George J. Denis, representing Atty-Gen. Palmer in the proceedings, stated that he was completely taken by surprise by the motion. He understood all along, he said, that the case was to be tried here, beginning March 23, and declared the government would have a hard time in San Diego, where the Spreckels interests, which own North Island, dominate about everything in sight. Col. Denis wanted to be heard on the motion, saying he could produce affidavits showing that there was no chance for the government to get justice if the matter was to be taken to San Diego, where the owners of the island property exerted so much influence. He said that on Friday afternoon for the hearing of the argument on the motion of Mr. Dunne, and the production of the affidavits referred to by Col. Denis, Judge Trippett made the order transferring the case from the equity to the law side of the court, which decision he had decided to be by the virtue of the original grant of the land by the Mexican government, the points of law having been decided some time ago, was handed down yesterday. An exception was noted by Col. Denis, on the part of the government. This feature of the case, it is announced, will be carried by the government to the U. S. Supreme Court if necessary.  
**SUIT TO AID APPEL.**  
Guardian Asks \$12,000 and Quiet Title from Fannie Carr.  
Alva St. Crv Appel, guardian of Horace Appel, former well-known attorney, filed suit yesterday against Fannie Briggs Carr for \$12,000 and to quiet title to property in Watts. Before Mr. Appel was declared incompetent he rendered professional services to Mrs. Carr, who is alleged to have advanced money against the \$12,000. The complaint sets up that August 5, 1916, a settlement of this claim was made, whereby, in consideration of Mrs. Carr deeding certain property in Watts, Mr. Appel's claim would be cancelled. It is asserted this was done, but that Mrs. Carr has not lived up to the agreement and that she has incurred the property.  
**LITTLE WILLIE READY FOR CIRCUS TOMORROW**  
BARNES SHOWS TO GIVE BIG PARADE THROUGH LOS ANGELES STREETS.  
If you are awakened early tomorrow morning by strange, unfamiliar sounds, and if little Willie is in an expectant mood today, and disappears tomorrow before his usual getting up time, there's a reason. The Al G. Barnes circus, with its four big rings, will arrive in town about daylight, bringing 1200 wild and performing animals, 600 people and its immense waterproof canvas city. It has been said that two of the most peculiar sounds in the world are the roars of wild beasts and the rattles of the circus wagon in parade. The parade this year will extend for twenty-five city blocks, and reveal more curious features and gorgeous splendor than ever before attempted, the circus men say. The start will be at 10:20 a. m. and will cover the principal business section of the city.

**The New in Jewelry**  
Smart new ribbon bracelets, with rhinestone fastenings. The ever popular link bracelets, in sterling silver, set with rhinestones, sapphires and emeralds in clever imitations. Fascinatingly pretty are showings of jet jewelry—including necklaces in short and opera lengths; lorgnette and coat chains. Brooches in fancy jet filigree, or large cameos; bracelets in wide bands, to match Miladi's jet necklace; ear screws in long, slender, graceful drops—all are new.

**The New in Draperies**  
Do not think of selecting spring draperies for your town or beach home before seeing what inspiration is to be found, at trifling cost, in these very new drapery materials at Coulter's:  
**Figured Madras**  
A charming material for bedroom curtains—a cream or white background, with the designs brought out in colors—offering a possibility for originality almost unlimited; yard .....\$1.15  
**Figured Marquisettes**

**The New in Apparel**  
Springtime Suits  
Quite apart from the suits of other seasons are the new Spring tailors. The two and three-piece costume suits, the Etons and the box coats, and even the strictly tailored models are distinctly new. All are modeled on jaunty lines with an assurance of cut and finish which is usually found only in custom tailored suits. Hand embroidery, vestees and gold trimmings are seen on a few models which may grace the most elaborate occasions of suit wear.

**Coats for All Occasions**  
We have just received a selected number of advanced models for the Spring and Summer seasons. Particularly noteworthy are the short-length coats which may be worn on the many occasions from sports wear to the informal affairs of afternoon. There are conservative models in three-quarter and full-length styles and wrappy coats for more formal wear.

**Gowns for Spring**  
The Spring modes are charmingly reflected in these new gowns, which emphasize all the most desirable traits evolved this season by the designers. There are draped skirts, short sleeves and vestee effects in a variety of fabrics, including satin, tricot and taffeta, to suit every occasion from semi-formal town wear to luncheon or the theater.

**TOWN'S CHURCH LABORS POOLED.**  
Community Institution will Serve Lankershim Folks.  
To Stay Open Day and Night and be Cultural Center.  
No-Denomination Congregation to Support Work.  
The church problem of Lankershim is about to be solved in unique fashion. The families of this community are to pool their religious activities and form a community church, to be operated along institutional lines, providing for social, recreational and cultural activities as well as those more distinctively spiritual.  
Moreover, the new church, to be erected at Lankershim boulevard and McCormick street, is to be open night and day and there will be some activity going on at all times. The building will be of brick, planned on the outside, and of Spanish design. A. G. Lindley is the architect. The structure will cost approximately \$25,000.  
Rev. George A. Hunt, the pastor, is responsible for this new venture. The community church. He believes a church should be open at all times and in addition to ministering to the spiritual welfare of the community, should perform other services. He is making plans to interest the young people of Lankershim in the church work and will have week-day entertainments that will encourage their attendance. Mr. Hunt was ordained in the Methodist Episcopal Church.  
The new venture is being well supported by the people of Lankershim. A large portion of the money required to complete the church is already on hand. The pastor has found a sympathetic response to his ideas of the purposes of a church, as many of the families of Lankershim have declared their intention to throw denomination preference aside and support the community organization.

**NAME COMMITTEE ON EXCLUSION INITIATIVE.**  
ANTI-JAPANESE SOCIETIES OF LOS ANGELES AND BAY CITY TO CO-OPERATE.  
At a special meeting of the board of directors of the Anti-Asiatic Association yesterday afternoon a committee composed of William T. Trauer, J. W. Burns and Lou Guernsey was appointed to meet with a committee to be appointed by the Oriental Exclusion League of San Francisco to discuss and consider the initiative measure designed to prevent Japanese from owning land in California. Mr. Trauer and Mr. Burns represented the Anti-Asiatic Association at a meeting in San Francisco Saturday, at which representatives of the Oriental Exclusion League were present.  
The local organization, affiliated with twenty-one prominent societies of Southern California, will give the proposed measure all the backing possible.  
**HELD AS ABDUCTOR.**  
After following the trail of Harry Lacy for thirty-six hours, City Marshal Patton and Deputy Lopez of San Fernando yesterday arrested the man at Bakersfield on a charge of abducting Irma Alderman, aged 12, of San Fernando, according to a report received yesterday at the Sheriff's office. The girl is said to have been taken from her home Thursday morning. A serious charge may be made in the case, the report says.

**DOCTORS FIND REMEDY FOR COLDS AND FLU**  
Calotabs, the New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu by Keeping Liver Active.  
Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new nausealess calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.  
At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your diet, pleasure or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.  
For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.—Advertisement.

**GHOST OF WAR FILM APPEARS.**  
Higher Court Affirms Finding in Suit That's Aftermath of Goldstein Conviction.  
The ghost of the pro-German motion picture, "The Spirit of '76," that landed Robert Goldstein in the Federal penitentiary at McNeil Island, made its appearance in a Supreme Court decision, yesterday, in the case of the Continental National Bank Company against E. P. Stoltz and others, the Corporate Finance Company and W. A. Reed, to determine the title to \$2000 which the bank declared was held in escrow. The judgment of the lower court, which the Supreme Court affirms, was for Stoltz and Reed, and the Corporate Finance Company appealed.  
The financial transaction arose out of the subscription of stock to a corporation trying to float the picture after Goldstein got in trouble.  
**ON INFLUENZA SITUATION.**  
Twenty-one new cases of influenza and seven cases of pneumonia were reported to the Health Department yesterday. There was one death each from both influenza and pneumonia.

PLAN BARBECUE FOR DELEGATES.

Make Ready for Convention of Southwest.

Promise Peep at Film Queens and Orange Groves.

Official Badge to be Map of the Eight States.

Alpine stunts, a gigantic Spanish barbecue, an automobile tour through miles of fragrant orange groves and a visit to motion-picture studios will be outstanding features of the entertainment to be given the 3000 delegates expected at the annual convention of the League of the Southwest to be held at Trinity Auditorium, April 1, 2 and 3.

Plans for the entertainment were started at the meeting of the executive committee of the convention committee, yesterday afternoon, at the office of L. C. Brown, 1012 Van Nuys Building.

Frank A. Gesell, chairman of the committee, presided. It was pointed out that a barbecue would be an interesting novelty to a great many of the expected guests and that it probably would be a more attractive feature than a formal banquet.

A tentative plan was suggested for a motor trip through Los Angeles and its environs, to give the visitors a whiff of orange blossoms and a glimpse of motion picture queens in the act of making pictures. Then it is proposed that the motors in a string more than a mile long, whirl the visitors to some beautiful spot possibly in Griffith park, where the proposed barbecue would be waiting for them.

Seth E. Brown, chairman of the Badge Committee, suggested that instead of the conventional badges, an attractive pasteboard insignia in the form of the map of the eight Southwestern States be used, with places on its face for the name and home city of the delegate, the badge to be hung from the coat lapel. This suggestion was received with approval. The committee's next session will be at the call of the chair.

WOMEN'S WORK. WOMEN'S CLUBS.

BY MYRA NTE.

Women's City Club.

Vere Radin-Norton, a young woman practicing law in Los Angeles, was the leader of the nonpartisan political class held after the regular session of the Women's City Club yesterday afternoon. Her subject was the Presidential primaries. Much interest was manifested and a general discussion followed, in which the number of women taking part was limited only by time. With Mrs. Herman Darling presiding, two speakers were introduced. Mrs. William Kent spoke in place of her husband, the Hon. William Kent, whose engagement to speak last night at Sacramento prevented him from appearing before the club. Mrs. Kent's subject was "The Voting Woman of 1920." In replies to questions, she stated that Mr. Kent does not believe in unrestricted immigration. He is inclined, after much study, to believe the Japanese are a menace to this country, not because of any inferiority, but because of the necessity of preserving the integrity of our own race, she said. Further, he is opposed to the sedition laws proposed. He would not "muzzle the press or prevent free speech." When asked as to his stand concerning the tariff, Mrs. Kent was inclined to think that an unanswerable question at present. "It is up in the air," she said.

Ex-Senator Works, who is the father of the president of the club, Mrs. Darling, also spoke briefly, endorsing the candidacy of Mr. Kent.

The Travel Club.

A happy custom of the Travel Club is to confer about the luncheon table concerning the work of the different departments of the club. Yesterday one-fourth of the club members were guests of the president, Mrs. Mand Butler, at a "pub-lic affairs" round table. This was the third conference of the club year. Mrs. Birney Donnell of the Women's University Club, recently appointed by Mrs. Sidney Thomas Exley of the federation as chairman of civics, was the guest of honor and principal speaker. She made a plea for the children of the Orthopedic Hospital and School recently established in Singleton Court. Physicians of the city are caring for the physical needs of these little cripples, but Donnell feels that club women generally can help in teaching them, especially as there is at present such a shortage of public school teachers. Mrs. Olive Ellis urged the women to investigate the needs of the public at Exposition Park, asking for better dressing and bathing facilities for working girls. El Retiro home for girls in the San Fernando Valley and the need for a fund to help kill the referendum to the community property bill were spoken of by Mrs. Ellen Aldrich, chairman of the department of public affairs.

Ebell Club.

At Ebell Club yesterday the illustrated lecture "From Paris to New York by Land" by Capt. Harry de Wendt, author and explorer, was enjoyed by a large audience of women. The announcement of the card and dancing party beginning at 2 o'clock this afternoon was made especially urgent as it is for the benefit of Ebell's pet philanthropy, Rest Cottage. The card party is to be in the afternoon. The dancing party for Ebell's young folk will be in the evening.

Connecticut Women.

Yesterday a group of former Connecticut women now living in Los Angeles wired Gov. Holcomb of that State, urging him to call a special session of the Legislature to ratify the Susan B. Anthony amendment for women's suffrage before March 22, so that Connecticut may share the honor of being one of the necessary thirty-six to ratify. Those who signed the telegram at Walker's Auditorium before the session of the Women's City Club convened were: Mrs. William Kent, Mrs. Carolina Ives Brinton, Mrs. Amelia C. Boers, Mrs. E. W. Hayward, Mrs. Anna M. McClure, Mrs. W. O. Bailey and Mrs. Edith Dickerson.

STARTS AS ATTORNEY; NOW HE'S A WITNESS.

PECULIAR MIX-UP IN SAMPLE CASE LEADS TO ANOTHER POSTPONEMENT.

James A. Kelby switched, yesterday, from attorney to prospective witness in the case against Ila Hendrick Sample, charged with impersonating a Federal officer, and as a result the preliminary hearing, set before U. S. Commissioner Long for the afternoon, went over until Wednesday, March 24. It is the second postponement in the case. When Mr. Kelby withdrew from the case, Frank Dominguez was substituted as attorney for the accused.

The withdrawal of Mr. Kelby is due to a curious circumstance. He was the attorney for Arthur C. Little, who brought an action against W. H. Johnston, charging infringement of a wind-shield patent. It is said that Sample was connected with Kelby in the preparation of the case, and it was Kelby who paid Sample the \$1250 for asserted service rendered in that matter, that forms the basis of the criminal charge against Sample. As Kelby will be a witness in the case at the preliminary hearing, it was apparent that he would have to withdraw from the conduct of the defense, and Attorney Dominguez was secured.

It was due to the fact of the change in attorneys, and the lack of knowledge of the case on the part of Mr. Dominguez, that the hearing was postponed at the request of the defense, and with the acquiescence of Assistant U. S. Attorney Lawson, who has charge of the case, Sample is at liberty on a bond of \$1250, long period.

RICH LOOT IN TIRES.

For the alleged theft of automobile tires, valued at \$7000, from the warehouse of the Fisk Tire Company, 1003 South Hope street, Francis Fitzer, Frank Jacobs and George Wesmer were held to answer yesterday by Justice Forbes. Testimony of Mr. Dominguez, that the hearing was adjourned by Deputy District Attorney Helmske, tending to show that Wesmer obtained entrance to the place and opened the door for the others, the thefts covering a

was unanimously chosen for a place  
on the mythical All-Southern team.

### HECTIC THRILLS ARE ELIMINATED

Change in Football Rules may  
be a Wise One.

But Many Old-Time Fans Re-  
gret No-Punt-Out Move.

Element of Suspense will be  
Thing of Past.

BY PAUL LOWRY.

Eliminating the punt-out may  
make it easier for goal kickers to  
boot the goal from touch-down, but  
it's going to take a few of the hectic  
thrills out of a football combat.

Plainly, the idea of the Football  
Rules Committee, which held its an-  
nual meeting in New York last week,  
was to place a premium on touch-  
downs and not on the goal kick.

TREMBLING TOES.

Many a game has been lost be-  
cause the buntions on some young  
man's toe trembled a bit when he  
had to essay a kick for goal from  
a difficult angle and the ball veered  
away from the posts. But all this is  
abolished. Hereafter the chap whose  
duty it is to bump the leather be-  
tween the uprights may choose his  
own location, and nothing but a  
poor aim should prevent him from  
securing the extra point.

### BEAVERS HITTING STRIDE.

McCredie to Lead His Ball Team Against  
Chicago Cubs This Afternoon.

BY HARRY A. WILLIAMS.

(EXCLUSIVE DISPATCH.)

ONTARIO, March 15.—The Beav-  
ers seem to be doing well down here.  
They are working out five times a  
day—three times in the dining-room  
and twice on the ball field. The ac-  
tion in both places is superb.

I am passing here en route from  
Elsinore, giving the Portland ball  
team a professional squirt of two.  
With four ball teams training in  
Southern California it is keeping the  
newspaper guys all spraddled out in  
an effort to cover the territory.

NO SULPHUR WATER.

The Beavers, while progressing  
satisfactorily, hardly look as good  
physically at this stage as do the An-  
gels. This is believed due to an ab-  
sence of sulphur water. The water  
here comes right out of the moun-  
tains, and is easy to take, but does  
not have a kick in it like the Elsin-  
ore water. In order to compensa-  
te for the absence of mineral  
water here, the Chamber of Com-  
merce may donate a barrel of mol-

### SLUGGERS IN FEATURE BOUT.

Young George to Swap Blows  
with Mike Doll.

Goodman and Ketchel Booked  
for Semi-Windup.

Good Card of Six Scraps at  
Doyle's Tonight.

Young George and Mike Doll, two  
of the most popular sluggers that  
have ever appeared at Vernon, will  
meet in the main event of tonight's  
boxing show. The bout will be the  
fourth meeting between the pair.  
Each has a decision to his credit  
and they have boxed one draw.

Doll has trained hard for the bout  
and is in good shape, while George  
is anxious to remain in the main-  
event class and will be out to score  
a decisive win over the Vernon fa-  
vorite.

CHANCE FOR DANNY.

Danny Goodman, after four years  
in the army, will make his first Ver-  
non appearance, when he boxes  
Young Ketchel in the semi-windup.  
A few years ago Goodman was con-  
sidered one of the best lightweights  
in the game, but whether he has  
retained his class is a question.  
Ketchel has boxed many scrums  
at Vernon and is the only scrapper  
who has been able to stop Sailor  
Burrows, having turned the ticked  
before one of the beach clubs.

Joe Fisher of the U.S.S. New Mex-  
ico is matched with Joe Brown.  
Fisher had little trouble beating Ray  
Smith, but will no doubt find Brown  
a tougher fellow to handle.

Morton Davis will meet Jack  
Brooks and Sailor Renshaw will  
take on Al Williams. Jack Rauts  
and Red Belden will box the first  
bout on the card.

Tonight's complete card is as fol-  
lows:

Mike Doll vs. Young George, 115  
pounds.  
Danny Goodman vs. Young  
Ketchel, 135 pounds.  
Joe Fisher vs. Joe Brown, 125  
pounds.  
Morton Davis vs. Jack Brooks, 135  
pounds.  
Sailor Renshaw vs. Al Williams,  
145 pounds.  
Jack Rauts vs. Red Belden, 125  
pounds.

### DEL HOWARD REFUSES SHELLENBACH'S PLEA.

(EXCLUSIVE DISPATCH.)

OAKLAND, March 15.—Russell  
(Bus) Arlett, the tall young pitcher  
who has been confined to his bed  
for the past few days with a bad  
cold will not be able to join his  
team-mates until the end of the  
week, at least he is staying at  
home under the doctor's order. Man-  
ager Del Howard announced today  
that he will not yield to Pitcher  
Shellenbach's request to turn him  
over to the Los Angeles or Vernon  
club. The pitcher's folks live in the  
south and that is the reason he gives  
Howard for wanting to play there.

"He and his folks were living in  
Los Angeles when he signed the con-  
tract with the Cubs, and he should  
be thought of the southern clubs at  
that time," is the way Howard looks  
at the situation. Shellenbach was  
secured from the Chicago White Sox.

Harry Weaver, another pitcher, is  
lost between here and Chicago. He  
wired Howard that he would leave  
the Windy City with Pitcher Gearin,  
but the latter arrived without Weav-  
er. Nothing has been heard from  
Outfielder Claude Cooper, who is a  
hold out.

### GIBBONS MAY MEET GEORGES CARPENTIER.

(BY A. P. NIGHT WIRE.)

ST. PAUL (Minn.) March 15.—  
Mike Gibbons of St. Paul today re-  
ceived a message from Gene Meldoy  
of Omaha asking Gibbons if he  
would be willing to consider an at-  
tractive purse to meet Georges Car-  
pentier in a bout in the United  
States. Gibbons recently announced  
his retirement from the ring, but  
he stated today that he would make  
known his decision regarding the  
Meldoy offer within a day or two.

### BOXING MATCHES IN SAGE HEN BENEFIT.

Final arrangements have been  
made for the great athletic benefit  
to be held at Pomona College to-  
night. The entertainment will con-  
sist mainly of boxing and wrestling.  
There will also be music and gym-  
nastics.

The wrestling card includes Bell  
and Patten, McClain and Phelps  
and Covington and Papazian.  
The boxers are Houghton and  
Pierson, middleweights, Greaser and  
Wilson, welterweights, and Thomp-  
son and Maurer, lightweights. The  
bout are expected to furnish lots  
of excitement.

### L. A. HIGH LAD GOES TO CANADIAN LEAGUE.

Roy Myers, second baseman of the  
Rialto All Stars team, has entered  
the professional game and will play  
with the Calgary club in the West-  
ern Canadian League.

Myers is a former Los Angeles  
High School lad who has displayed  
considerable class in the semipro  
organizations of Southern Califor-  
nia.

### CHICAGO BOWLER LEADS IN SINGLES.

(BY A. P. NIGHT WIRE.)

PEORIA (Ill.) March 15.—  
Frequent changes among lead-  
ers in the singles, doubles and  
all-events marked play today in  
the American Bowling Con-  
gress.

C. Mathieson of Chicago  
rolled into first place in the  
singles, registering 675.

A. Schultz and E. Haack of  
Sheboygan, Wis., went into a  
tie for first place in the dou-  
bles with O. Whitehead and  
E. Grubb of St. Louis. Their  
score was 1257.

### RAINFALL PREVENTS SENATORS' PRACTICE.

(EXCLUSIVE DISPATCH.)

SACRAMENTO, March 15.—Rain-  
fall forced the Solons to cut short  
their workouts here today. Despite  
the fact that Rodgers used his regu-  
lar hurlers in only a few innings of  
the games Saturday and Sunday, the  
Sacramento club had little difficulty  
with the Olympic Club aggregation.

Kuntz and Killen, two repeaters  
who were sent out on the mound,  
showed to advantage.

With Willie Butler and Bill Stumpf  
running neck and neck in the spring  
practices, the battle for the third-  
base position promises to be a  
spirited one. Butler's arm, which  
has been causing him some trouble  
during the past week, seemed in  
much better shape in Sunday's  
game. He also used his bat effective-  
ly. Stumpf is suffering from a bad  
finger and did not occupy the dif-  
ficult corner in either of the training  
contests. Bill went to bat for  
Killen in Saturday's game and de-  
livered a clean single to right cen-  
ter.

Montebello Wins, 1 to 0.

Montebello scored out the Whit-  
tier ball team, 7 to 6, at Whittier,  
yesterday afternoon. The winners  
secured six hits and the losers four.  
Pitcher Melendez of Montebello  
trunk out seven men.

Cinch for Salt Lake.

Salt Lake vanquished the Downey  
playground basketball team, 23 to 11  
last night. Stupin and Ledonan of  
Salt Lake won the start of the  
game, which was a scheduled one in  
the municipal league.

### LEWIS DOWNS EARL CADDOCK.

Strangler Wins Mat Contest by  
Head, Hip Lock.

Loser's Right Collar Bone  
Fractured in Fall.

Jim Londo, Greek Champion,  
Throws Frenchman.

(BY A. P. NIGHT WIRE.)

NEW YORK, March 15.—Ed  
(Strangler) Lewis, threw Earl Cad-  
dock, former wrestling champion, in a  
catch-as-catch-can bout tonight  
with a head and hip lock in 1h.  
35m. and 45s.

Caddock was brought to the mat  
with a flying headlock and fell heav-  
ily beneath Lewis. Surgeons found  
his right collar bone had been frac-  
tured.

It was a light contest with the  
former titleholder the aggressor most  
of the time. In the first hour he  
had Lewis in jeopardy, a half doz-  
en times with arm holds. Using  
sheer strength Lewis threw his op-  
ponent bodily on three occasions.

Jim Londo of Greece threw Sal-  
vatore Chevalier of France in a  
catch-as-catch-can wrestling match  
in 36m. 22s. with a body scissors  
and double wrist lock in a preliminary  
contest.

### ONTARIO HAS GONE BASEBALL INSANE.

(EXCLUSIVE CORRESPONDENCE.)

ONTARIO, March 15.—Ontario is  
baseball crazy tonight on the eve of  
the game tomorrow afternoon be-  
tween the Chicago Cubs and Portland  
Beavers, here in spring training.

President C. L. Tuttle of the Busi-  
ness Men's Association announced  
tonight all business houses will close  
for the game.

Frank Jany will start pitching  
for McCredie and Art Rocher will  
catch. Mitchell, the Cubs' manager,  
has not announced his selection.

### EASY FOR VERMONT.

The Vermont Heights ball team  
defeated the Heinz Independents  
club, 20 to 12, on the Vermont  
Heights diamond, Sunday afternoon.

### TO BEGIN PLAY IN GOLF TOURNAMENT.

FIFTY-ONE HAVE ENTERED THE  
L.A.A.C. ANNUAL CHAMPION-  
SHIP MEET.

Fifty-one demon golfers have  
handed their entries to Athletic  
Manager Charley Keppen at the  
L.A.A.C. for the club's first annual  
championship tourney. Play in the  
qualifying round starts over the  
links of the Brentwood Country Club  
tomorrow morning.

Bob Edgren of sporting fame, who  
is a member of the Greens Commu-  
tee, and Keppen were making final  
arrangements yesterday concerning  
the prizes for the winners of the  
various flights and defeated eight.

As many flights of sixteen will be  
arranged as players in the qual-  
ifying round warrant. Originally it had  
been intended to limit the competi-  
tion to those who turned in the  
thirty-two best net scores in the  
qualifying round. The committee  
however, decided this was unfair to  
the players of lesser ability.

Entries have not closed, and can  
be made at the tee tomorrow morn-  
ing. Keppen announced yesterday.

The list to date follows:  
E. E. Calster, A. S. Westfall, L. A.  
Banks, Joe Amestoy, E. E. Giffen,  
Harry Minor, J. D. Horan, Ad Frank-  
el, Norman Allen, M. V. Hartman,

### CHAMPIONS WIN.

(BY A. P. NIGHT WIRE.)

MIAMI (Fla.) March 15.—The  
score:  
Cincinnati, N.—2; hits, 4; errors, 3.  
New York, A.—1; hits, 4; errors, 2.  
Batteries—Ring, Lugo and Win-  
go, Rariden; Maya, Thormahlen and  
Rust.

Mike Donlin, who was playing baseball back before the mind of man run-  
neth not to the contrary, was a ringside patron at the Angel-Cub  
baseball mix-up yesterday afternoon at Washington Park. From  
left to right are Zahrah Offutt, Maude Huntley, Mike himself, Mrs.  
Mike Donlin and "Cozy" Dolan, all of whom, with the exception of  
"Cozy," are knocking 'em dead at the Mason this week in "Turn to  
the Right." Keep this quiet—Zahrah is thinking of taking a fling  
at the movies; Maude Huntley is drinking lemonade these days  
(great reducer, says Mike); Mike is trying to quit cigarettes, and  
Mrs. Mike is going to buy a new spring hat here if he does. As for  
"Cozy"—well, he's keeping the Cubs happy.

### PRACTICE GAME FOR POMONA BALL TEAM.

Coach Schott of the Pomona Col-  
lege baseball team has arranged to  
give his squad a real workout this  
week. Saturday the coach visited  
Manager McCredie of the Portland  
ball club at Ontario, where the  
Beavers are doing their spring train-  
ing, and arranged practice games  
for the week between the leaguers  
and the collegians. The experience  
will be a great seasoner for the col-  
lege men, and the coach figures that  
after meeting the leaguers his men  
will be so liable to develop bu-  
cins fever when they meet the other col-  
lege teams.

### COLORED PLAYER CAUSES A SNARL.

(EXCLUSIVE DISPATCH.)

CALEXICO, March 15.—As a re-  
sult of El Centro Union High School  
baseball team forfeiting a contest  
scheduled for last Saturday after-  
noon, to Calexico High School, be-  
cause of the fact that a colored  
youth was to appear in the Calexico  
line-up, Imperial Valley schools are  
in the midst of a racial question.

Last fall, after race riots in Chi-  
cago and Kansas City, El Centro and  
Imperial High schools agreed to not  
play colored players in their teams.  
Calexico, Holtville, Brawley and Cal-  
ipatria declined to sign any agree-  
ment. When the contest for Satur-  
day approached and Coach Harkness  
sent in the list of eligibles, the name  
of a colored player was among other  
names.

Prof. D. Randall of El Centro High  
School allowed the players to vote  
and the forfeit was the result. A  
meeting will be held in El Centro  
tomorrow to decide whether the  
tounty seat team shall withdraw  
from the league as the result of the  
incident.

**PARIS, March 15.**—Paris newspapers devote considerable space to victories achieved by France in sporting events last week. The French army rugby team defeated the British army team, 15 to 6; Guilleminot, the French middle-distance runner, led a field of 232 of the best English runners in a ten-mile race at Windsor Park, England, and yesterday won the 1000-meter dash in the Commonwealth Games.

The French sporting world looks to Guilleminot to make a sweep of everything from the 800-meter run to the 1500-meter run at the Olympic games. He is regarded here as a worthy successor to Jean Bouin, a noted runner, killed during the war.

The correspondent has watched Guilleminot work over an eight-mile course. He runs with the easy manner of an American, but with the great English distance runner's

**DEL MONTE SWAMPS  
CORONADO POLO TEAM.**

**EXCLUSIVE DISPATCH.**  
CORONADO, March 15.—Del Monte beat the Coronado team today with an overwhelming victory in the first match play for the Hotel del Coronado trophy in the Coronado polo tournament. The score was 13 to 10 in favor of the northern team. As Coronado had all goals by handpass, they earned but one goal, which was secured by Cliff Weatherman. They lost by penalty 11-4, making the net score 10-4.

**HECTIC THRILLS  
ARE ELIMINATED**

Dean of U.S.C. caught a fumbled ball in midair and raced sixty-five yards to a touchdown. He was downed in one corner of the field after crossing the goal line. Instead of punting out, Quarterback McMillan elected to have "Evans" Evans try for goal from the far corner of the lot. The latter's shot went wide, and instead of a tied game U.S.C. lost. But thousands of spectators in the grand stand excitedly wondered if Evans would be successful.

**SPECTACULAR.**

Church's dash to place the ball in an easy position for kicking goal was even more spectacular than the scoring of his touchdown. He fairly leaped back behind the line and planted the oval squarely between the posts.

**BEAVERS ARE  
HITTING STRIDE.**

**CONTINUED FROM FIRST PAGE.**  
Three Los Angeles boys are with the Beavers—Wes Kingston, shortstop; Herb Cyler, a left-handed outfielder, and Charley Barnabe, who can either play first base or pitcher. Kingston is regarded as a future, while the other two are good prospects.

**FARMER SOLD.**

Farmer, who did not want to play on the Coast, has been sold to Detroit, and "Dixie" Walker has resolved not to play anywhere anymore. This means that Mabel Schaller and Cox will occupy the outfield. Blue, of course, will be at first base. McCredie rates him as the best first baseman seen on the Coast in several years, and in remarking such started no argument. Second base is still unsettled. The position will be supplied with somebody from Detroit, possibly Paddy Sigin. With Wistler holding out, Al Honeck, of the Michigan League, and Earl Spranger, last season with the Canadian League, are buzzing around third base. Both are going strong, but it is too early yet to say that either will fill the bill.

his eyes. On top of a very suspenseful and intelligent bill there is the feature of a mystery story produced by Maurus, which is one of the most reliable in melodrama with a dash of the Grimé film. It takes two hours plus to see everything that there is on the Grand. It is the best test for the suspensive power of the hour or so which is known to my friends here. I saw it with a woman famous for howling when I saw it to start excitement and he went on until the last close-up, a picture of a man who is a sample of what he can do with a detective story. You may say that it is who is the more the better. I am sure you will enjoy it. It thrills anyhow over the neck of the two railroad train. I am sure, but I am sure I never loses its punch. There are a number of short-cut surprises in the course of the picture, and the ending makes a dash and occasionally starts.

its meeting last night, the Planning Association passed a resolution favoring the extension of Benson avenue to the Fourth-street bridge and to Traction avenue on Second street, making a second main route in order to shorten the distance from East Los Angeles to City Hall, Courthouse and Federal Building, and distribute traffic compelled to enter on Seventh street.

It also favors the production of a map of the city and its vicinity, showing the proposed widening of the boulevard approximately as follows: "From La Brea via Ocean View avenue, Marysville and Fifth street, along the line of the easiest contour to Pershing street."
